DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Group I in the reply filed on 12/3/07 is acknowledged. The traversal is on the ground(s) that the statement "a fixture for insertion into a gypsum board wall" limits the use of the claimed process to the process of the Group II claims. This is not found persuasive because the above quoted portion of claim 1 does not preclude the use of the claimed product in other processes.

The requirement is still deemed proper and is therefore made FINAL.

Allowable Subject Matter

2. Claims 1, 4 and 5 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter: the prior art fails to teach or suggest the claimed invention in view of applicant's argument set forth in the response filed 12/3/07, page 6, lines 1-9 and in view of the Peterson declaration filed under 37 CFR 1.131.
4. This application is in condition for allowance except for the following formal matters:

The non-elected claims 2, 6 and 7 must be cancelled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
